AGRICULTURAL STATISTICS BOARD 1990 CATALOG

The Agricultural Statistics Board (**ASB**) estimates production, stocks, inventories, disposition, utilization, and prices of agricultural commodities, and such other items as labor and farm numbers. This catalog outlines all of the estimates and the dates that they are available.

National reports are issued from the Washington, D.C. headquarters at **3:00 p.m. ET**, unless otherwise noted. Individual State reports are issued from the State Statistical Offices (**SSO's**) following release of the national estimates. Printed copies of both ASB and SSO reports are available for a fee. To subscribe to national reports, use the order form in the back of this catalog. State releases may be obtained from the appropriate SSO.

National reports issued by the ASB and some issued by SSO's are available electronically through the U.S. Department of Agriculture immediately after release. For more information, call or write: **Russell T. Forte, USDA, Office of Information, Room 536-A, Washington, D.C. 20250; telephone (202) 447-5505.**

The ASB has long-term official data series relating to crop acreage, yield, and production, hog and cattle inventories, grain stocks, and county estimates for many crop and livestock items available on computer tape. The tapes are 9-track (**EBCDIC**) available in either 1600 BPI or 6250 BPI. Portion of these data are also available on diskettes. Contact the ASB for more information.
